MANAGEMENT OF THE APPLICATION PROCESS – REQUIREMENTS

In the following link you have the application form to be completed by students https://www.upv.es/entidades/SA/ciclos/409043normali.html, to be sent along with the rest of the documentation indicated, to this address: sal.grado@upv.es.

In the application you must indicate and/or attach the following:

• **Degree from the UPV** in which you wish to be a Visiting student https://www.upv.es/estudios/grado/index-en.html
In the previous link, when selecting the Degree you can consult the Study Plan and the subjects. The course registration fees are available by accessing the information for each of the degrees.

• **Subjects in which you request to enroll** as a visiting student (indicating the corresponding code). If you are interested in subjects from different degrees, you must complete an application for each Degree.
The description of each subject indicates the period of its teaching.
The 2025/2026 academic year begins on September 1, 2025, Semester A begins classes on September 8 and ends on January 30, 2026, Semester B teaches from February 2 to June 26, with the end of the course on August 31, 2026.

• **Proof of completing or having** completed university studies (attach a copy of the transcript or registration at the University)

• You must attach an **identification document**, copy of passport, or DNI (Spanish)

You must have **medical insurance** that covers any medical contingency during your stay at the University (to be provided at the Center where you are going to study, in the case of admission and prior to formalizing registration).
Once we have these documents, the Dean's Office or Directorate of the Faculty or School that teaches the Degree in which you are interested will issue a report on the possibility of admission as a visiting student.
Subsequently, the Rector will issue a Resolution accepting or denying admission as a visiting student.

Once the studies have been completed, the student has the option of obtaining an academic certificate with the grades obtained from their intranet.

- APPLICABLE FEES

According to Decree 101/2024, of August 2, of the Consell de la Generalitat Valenciana, foreign students who do not have resident status, excluding nationals of the member states of the European Union and those to whom the community regime applies, when registering for

admitted studies, must pay double the public prices for university academic services. Students who have a residence permit for study stays are considered non-residents for these purposes.

- ### LINGUISTIC REQUIREMENT:

If the degree requested requires a linguistic requirement, given that teaching is carried out in Spanish, and in order to ensure that the student is capable of following all the training activities, accreditation of a **B2 level of Spanish**, certified in accordance with the Regulations, **may be required** for the admission of students from non-Spanish-speaking countries. Students from Spanish-speaking countries or those who have completed their studies in educational systems that use Spanish as their primary language will be exempt from this accreditation. The degrees that require this accreditation are listed below:

Degree in Business Administration and Management [ALCOY and VERA]
    D. Degree in Tourism + Degree in Business Administration [ALCOY and GANDIA]
    D. Degree in Food Science and Technology + Degree in Business Administration
    D. Degree in Mathematics + Degree in Business Administration
    D. Degree in Technical Engineering and Serv. of Telecommunications + Degree in Business Administration
    D. Degree in Computer Engineering + Degree in Business Administration [ALCOY and VERA]
Degree in Technical Architecture
Degree in Fine Arts
Degree in Biotechnology
Degree in Food Science and Technology
Degree in Environmental Sciences
Degree in Conservation and Restoration of Cultural Assets
Degree in Transportation and Logistics Management
Degree in Management and Public Administration
Degree in Industrial Computing and Robotics [ALCOY and VERA]
Degree in Agri-Food and Rural Engineering
    D. Degree in Agrofood Engineering. and the M. Rural + Degree in Biotechnology
    D. Degree in Agrofood Engineering. and the M. Rural + Degree in Science and Technology. of the Foods
Degree in Civil Engineering
    D. Degree in Mathematics + Degree in Civil Engineering
Degree in Telecommunications Technologies and Services Engineering
    D. Degree in Mathematics + Degree in Technology Engineering. and Serv. of Telecommunications
D. Degree in Mathematics + Degree in Engineering in Geomatics and Topography
Degree in Electrical Engineering [ALCOY and VERA]
Degree in Engineering in Industrial Design and Dev. of Products [ALCOY and VERA]
Degree in Physics Engineering
Degree in Forestry and Natural Environment Engineering
    D. Degree in Forestry and Natural Sciences Engineering + Degree in Environmental Sciences [GANDIA and VERA]
Degree in Computer Engineering [ALCOY and VERA]
    D. Degree in Mathematics + Degree in Computer Engineering
Degree in Mechanical Engineering [ALCOY and VERA]
Degree in Chemical Engineering [ALCOY and VERA]
Degree in Digital and Multimedia Technology
Degree in Tourism
